

“To Preserve and Protect Access to our Public Lands”

October 2009

November Ride

November 7, 2009 – 9:00 AM –
Behind the Reef
Lead By: Scott Wheeler

Scott will prepare breakfast for those going on the ride at 9 AM. The ride will begin at 10 AM so come prepared to have a great day – we’re hoping the weather is going to be great. See the map for directions to staging area. RSVP to wheels@emerytel.com or call 650-8598 for breakfast.

October Ride

The Club ride was in the Coon Spring area and we staged just south of the Horse Canyon turn off on the old Hwy 6 road. The ride was a little over 30 miles long; the weather was great, maybe a little cool at the start but everyone was shedding their coats not far into the outing. The ride took us past the new Lila Canyon coal mine southeast of the Horse Canyon workings; from there we crossed Hwy 6 and dropped into Grassy Creek then looped around to the Iclander area and back to the trucks. It was a nice Saturday morning ride, if you didn't make it you missed out.

Upcoming Events

Monthly Club Meeting: November 19, 2009 – Fairgrounds Event Center

December Ride: Not yet decided – any ideas?

Christmas Party: December 17, 2009 – 6 PM – Bring one gift/person \$10 value to be exchanged

Membership Renewal Dinner: January 16, 2010 – Raffle tickets are now available for purchase
From Board Members

Information Items

The forest service is now writing tickets to people that are 150 feet off a designated trail/road etc. the fine is about \$240.00 so please make people in your traveling parties aware of this.

Just to remind you, the Club supports the “No Alcohol Policy”. Don’t drink and drive – anything with wheels. There have been problems arise with other clubs but nothing with ours. Thanks for observing this law.

We hope to have T-shirts, hoodies, hats and visors available at the Christmas social so they can be purchased as gifts for Christmas.

Red Rock Bill does not pass – We Won!!!

“Thanks to the overwhelming numbers of letters, emails, and phone calls from our members, and some clever strategic thinking on part of USA-ALL and our partners we were able to significantly harm this bills chance of passing. USA-ALL was able to help provide information to the members of Congress and assist the witnesses in delivering an effective counter position to the bill. We also have been able to get the word out about this land grab to tens of thousands of people.” Mike Swenson
